

### PROGRAM INCLUSIONS

The flagship nationally recognised CPR course – Provide cardiopulmonary resuscitation (HLTAID001) – provides the skills to recognise and manage a casualty who is unconscious and not breathing. CPR is a lifesaving technique which can sustain life until an ambulance arrives. Binnacle Training recommends, in line with Australian Resuscitation Council guidelines, that CPR skills are recertified every 12 months.

Most workplaces require a specific number of people to hold this qualification.
