Binnacle-School Third Party Arrangement	<p>This Binnacle Training Program is delivered via a third-party arrangement with individual Queensland secondary schools.</p> <p>Binnacle Training (Lead RTO) – Responsibilities:</p> <ul style="list-style-type: none"> ● Course Content and LMS (Binnacle Lounge) ● Ongoing program support, including a dedicated Program Manager <p>School (Third-Party) Responsibilities:</p> <ul style="list-style-type: none"> ● Human Resources (Program Deliverer) ● Physical Resources (Equipment and Facilities) ● Delivery and assessment of program <p>School-specific information, required by Binnacle Training (as per Standards for RTOs 2015 - Clauses 1.1 to 1.4 and 2.2 — Implementing, monitoring and evaluating training and assessment strategies and practices), is collected via the 2019 Third-Party Agreement (Fillable) as completed by the Third-Party (School) and approved by Binnacle Administration.</p>
Target Group	<p>This program is offered to senior high school students (commencing in Year 10 or Year 11) wishing to:</p> <ul style="list-style-type: none"> ● seek skills and an entry-level qualification for the Sport, Fitness and Recreation industry; and ● use the qualification as an articulation into: <ul style="list-style-type: none"> – A higher qualification (e.g. Certificate IV in Fitness or Diploma of Sport Management); – A higher sport-specific accreditation; and/or – University (e.g. Bachelor of Physical Education).

	<p><u>QLD SCHOOLS</u></p> <p>Upon successful completion, students are certified with a maximum 4 Queensland Certificate of Education (QCE) credits.</p>
<p>Entry Requirements</p>	<p>Students must have a passion for and/or interest in pursuing a career in the Sport, Fitness and Recreation industry. They must have good quality written and spoken communication skills and an enthusiasm/motivation to participate in physical activity sessions. A Language, Literacy & Numeracy (LLN) Screening process is undertaken at the time of initial enrolment to ensure students have the capacity to effectively engage with the content.</p> <p>Students require AQF level III written and spoken English and numeracy skills to be able to meet the Foundation Skill requirements of the units within these qualifications.</p> <p>Students must have access to the following resources (either individually or through resources supplied by the school):</p> <ul style="list-style-type: none"> ● Regular access to a computer with audio. ● Internet access preferably with broadband access, and an Internet data plan that allows for sufficient internet data use. ● Regular access to a printer and scanner or camera/mobile device to upload images. ● An antivirus program installed on the computer. ● Basic computer abilities including the use of YouTube, Microsoft Word and Adobe Reader as well as the ability to download and upload documents. <p>Each student must obtain a (free) 'Working with Children' Student Blue Card (application to be completed as part of the enrolment process). A student's official enrolment is unable to be finalised until their Student Blue Card has been issued.</p>
<p>Pre-qualified Supplier (PQS)</p>	<p>This qualification SIS20115 is currently a funded qualification under the Queensland Government's Vocational Education and Training in Schools (VETiS) initiative. Binnacle Training is a Pre-qualified supplier (PQS) for SIS20115. Students can only access 1 x funded qualification while at school under the VETiS program.</p> <p>SIS20115 is also offered by Binnacle Training as a 'Fee for Service' program for schools, as per the Binnacle-school invoicing arrangement.</p>
<p>Learning and Assessment Arrangements</p>	<p><u>DURATION</u></p> <p>The program content has been deliberately packaged into <u>7 terms</u> based on delivery across one line on the timetable (minimum 140-210 minutes per week over 2 years). This gives the ability for the program to be condensed into 4 terms; however this requires a minimum 210 minutes per week over 1 year).</p> <p>A blended-delivery model will be used whereby students will have access to:</p> <ul style="list-style-type: none"> ● Trainer-led classroom delivery of content. ● Online modules that house learning content (through the Binnacle Lounge). ● Assessment activities to be completed online through the LMS. ● Assessment activities and projects to be completed in the classroom and/or student-led environment. <p>This program uses single unit and clustered unit assessment. Assessment and training will be conducted at the school. Assessment methodologies will vary according to specific requirements of the Units of Competency. A range of methods will be used, including:</p> <ul style="list-style-type: none"> ● Knowledge quizzes, short answer questions and other project/case study reports. ● Skills demonstrations, reports, documents and observations.

- Portfolios of evidence as completed by the student over time.

Under supervision, students will conduct a range of sport and recreation activities and programs. Students will undertake practical experience to deliver a range of sport and recreation activities to members of the school community (e.g. primary and secondary students). Students will work in a sport and recreation environment with authentic participants.

'VOLUME OF LEARNING' AND 'AMOUNT OF TRAINING'

Volume of Learning (VoL)* per Australian Qualifications Framework volume of learning indicators:
Certificate II = 0.5 – 1 year (600 – 1200 hours)

**VoL describes how long a learner who does not hold any of the competencies identified in the relevant units of competency or modules would take to develop all the required skills and knowledge. Further, the VoL includes all teaching, learning and assessment activities that are required to be undertaken by the typical student to achieve the learning outcomes. These activities may include some or all of the following: guided learning (such as classes, lectures, tutorials, online study or self-paced study guides), individual study, research, learning activities in the workplace and assessment activities. (AQF, Volume of Learning).*

Amount of Training (AoT) for this program consists of classroom learning, self-study and practical work experience.

Classroom learning = 245 hours (1 study line over 2 years)

Learning and Assessment Arrangements
Continued.

There is an element of self-study with formative activities scheduled for students to undertake outside of subject time. These activities are used by students to deepen their understanding of the content and are undertaken prior to assessment for that particular module or topic of study. Across this 2 year program, Binnacle has devoted an additional 70 minutes per week (equivalent of one additional lesson per week) for these formative activities.

Self-Study (Formative Activities) Hours = 82 hours (i.e. 1.17 hours x 70 weeks)

An additional 40 hours of practical experience is undertaken by students throughout the program. Whilst some of these hours may be achieved during devoted class lessons, due to the nature of sport and recreation programs some practical experience will be undertaken outside of these class hours.

Practical Work Experience = 40 hours

TOTAL AMOUNT OF TRAINING (AoT) = 367 hours (245 + 82 + 40)

Binnacle rationalises the VoL hours gap (i.e. VoL 600 hours LESS AoT 367 hours = 233 hours) being due to students entering this senior subject with a large base of foundational skills and knowledge from prior and concurrent learning (e.g. Years 9-10 HPE and other sporting/fitness histories of each student).

ORGANISATION

The program will be delivered through class-based tasks as well as real sport and recreation environments at the school - involving the delivery of a range of sport programs to participants within the school community (e.g. primary and secondary students).

A range of teaching/learning strategies will be used to deliver the competencies. These include:

- Practical tasks
- A range of hands-on activities

- Group work
- Programs within the school (minimum of one different program per school term)
- Practical experience within the school sporting programs (athletics and swimming carnivals, cross country, etc)

Evidence contributing towards competency will be collected throughout the program. This evidence will be used to make judgements of competency that are aligned with, and reflect, the requirements of the Unit(s) of Competency.

LANGUAGE, LITERACY AND NUMERACY ASSISTANCE

Support is available to all students and can be organised – through the deliverer – on a case-by-case basis throughout the program.

‘Reasonable adjustments’ are offered for most assessment items.

OPPORTUNITY FOR RPL AND CREDIT TRANSFER

Recognition of Prior Learning (RPL) is an assessment process that assesses the individual’s informal learning to determine the extent to which that individual has achieved the required competency outcomes.

Credit Transfer is applying credit for a unit of competency that has previously been successfully completed by a student. Credit Transfer is offered both at enrolment and throughout the training program. A verified copy of the student’s Qualification(s) and/or Statement(s) of Attainment listing the unit(s) previously completed is required as evidence for Credit Transfer.

Both RPL and Credit Transfer is made available to students. Due to students being of high school age and usually with limited prior qualifications or work history, they typically undergo a train-to-assess pathway.
