Binnacle's 'Business in Schools' program incorporates the nationally recognised qualification: **BSB30115 Certificate III in Business**.

The program covers the skills and knowledge required of a worker entering the Business Services industry and/or pursuing further tertiary business pathways (e.g. Certificate IV, Diploma and Bachelor of Business).

In particular, 'Business in Schools' involves:

- Leadership and teamwork
- Organising work priorities and personal development
- Managing risks in the workplace
- Delivering a service to customers
- Recommending and promoting products and services
- Undertaking eLearning
- Designing and producing spreadsheets
- Designing and producing business documents
- Developing knowledge of the Australian financial system and markets
- Financial Literacy – Identifying key financial requirements for establishing and maintaining a successful small or micro business.
- Using social media tools for business (optional elective)
- Financial Literacy – Developing money management skills (optional elective)

This is achieved by students working alongside an experienced Business Teacher (Program Coordinator) to undertake projects and deliver services within their school community. For example:

- Major Project: Design and Plan for a new Product/Service

What does the program involve?

The program involves learning about what it takes to become a Business professional. This learning will take place in a range of settings, including classroom (knowledge and project planning) and outdoors (project delivery).

Assessment activities include the completion of practical and knowledge tasks throughout the program. Many of the practical tasks will be observed while delivering projects. This will often require the completion of workplace documents (e.g. project plan).

Knowledge tasks generally take the form of a short answer quiz that is completed online and tests your knowledge against one or more of the competency units.

Completing Assessments

All assessment tasks and resources are online and each term has a specific number of assessment tasks.

Your teacher will regularly review the completion of your assessment and if gaps are identified (i.e. assessment tasks incomplete or 'Not Yet Satisfactory'), you will be required to finalise the assessment in your own time (e.g. during exam block) before the next school term commences.

As per the diagram below, you will store your completed assessment (and associated documents) online for your teacher to mark and inform you of the outcome ('Satisfactory' or 'Not Yet Satisfactory').

1. You (the student) complete the assessment each term:

- Knowledge assessments completed online in your Binnacle Lounge.
- Demonstrate required skills in practical tasks.
- Access to training resources to assist with assessment are also available in your Binnacle Lounge.

2. The teacher marks your assessment:

- Some knowledge assessment items are 'auto-marked' by the Binnacle Lounge learning platform.
- The teacher will mark your other (e.g. project, practical and case study) assessment items.
- The sign-off page in each term is where feedback is provided and the outcome of each assessment item recorded.
