Skills Assure Supplier (SAS)	<p>The Certificate II in Sport and Recreation (SIS20115) qualification is currently eligible for funding under the Queensland Government’s Vocational Education and Training in Schools (VETiS) initiative. Binnacle Training is a Skills Assure supplier (SAS) for the SIS20115 Certificate II in Sport and Recreation qualification.</p> <p>The Queensland Government’s VET Investment Budget will provide funding for students to complete one VETiS qualification on the Priority Skills List whilst attending secondary school (in Years 10, 11 and 12).</p> <p>Binnacle Training also offers the Certificate II in Sport and Recreation (SIS20115) as a ‘Fee for Service’ program for schools, as per the Binnacle-school invoicing arrangement.</p>
-------------------------------------	--

Learning and Assessment Arrangements	<p><u>DURATION</u></p> <p>The program content has been packaged into <u>7 terms</u> [based on delivery across one line on the timetable (minimum 3 lessons per week, i.e. 210 minutes per week) over 2 years]. All evidence requirements pertaining to the embedded Certificate II in Sport and Recreation are scheduled across Terms 1-4 with Terms 5-7 evidence requirements only aligned to the Certificate III in Sport and Recreation.</p> <p>A blended-delivery model will be used whereby students will have access to:</p> <ul style="list-style-type: none"> • Trainer-led classroom delivery of content. • Online modules that contain the learning content within the Binnacle Lounge. • Assessment activities to be completed online through the Binnacle Lounge (LMS). • Assessment activities and projects to be completed in the classroom and/or student-led environment. <p>This program uses single unit and clustered assessment.</p> <p>Assessment and training will be conducted at the school. Assessment methodologies will vary according to specific requirements of the Units of Competency. A range of methods will be used, including:</p> <ul style="list-style-type: none"> • Knowledge quizzes, short answer questions, research projects and case studies • Skills demonstrations, reports, documents and observations • Portfolios of evidence as completed by the student over time. <p>Under supervision, students will conduct a range of sport and recreation programs as well as completing practical experience to deliver a range of activities and sessions to members of the school community (e.g. primary and secondary students). Students will also work in the sports facility at the school with authentic participants.</p> <p><u>‘VOLUME OF LEARNING’ AND ‘AMOUNT OF TRAINING’</u></p> <p>Volume of Learning (VoL)* as per the Australian Qualifications Framework volume of learning indicators:</p> <p>Certificate II = 0.5 – 1 year (600 – 1200 hours) Certificate III = 1 – 2 years (1200 – 2400 hours)</p> <p><i>*VoL describes how long a learner who does not hold any of the competencies identified in the relevant units of competency or modules would take to develop <u>all of the required skills and knowledge</u>. Furthermore, the VoL includes <u>all</u> teaching, learning and assessment activities that are required to be undertaken by the typical student to achieve the learning outcomes. These activities may include some or all of the following: guided learning (such as classes, lectures, tutorials, online study or self-paced</i></p>
---	--

study guides), individual study, research, learning activities in the workplace and assessment activities (AQF, Volume of Learning).

Amount of Training (AoT) for this program consists of classroom learning, self-study and practical work-related experience.

Classroom learning = 245 hours (1 study line over 2 years).

There is also an element of self-study (formative activities scheduled for students to undertake outside of class time). These activities are used by students to enhance their understanding of the content and are undertaken prior to assessment for that particular module or topic of study. Across this 2-year program, Binnacle has devoted an additional 70 minutes per week (the equivalent of one additional lesson per week) for these formative activities.

Self-Study (Formative Activities) Hours = 82 hours (i.e. 1.17 hours x 70 weeks)

An additional 40 hours of practical work-related experience is undertaken by students across the program. While some of these hours may be achieved during devoted class lessons, due to the nature of sport and recreation programs, some practical experience may be undertaken outside of these class hours.

Practical Work-Related Experience = 40 hours

TOTAL AMOUNT OF TRAINING (AoT) = 367 hours (245 + 82 + 40)

Binnacle rationalises the VoL hours gap (i.e. VoL 1800 hours LESS AoT 367 hours = 1433 hours) by:

- Students entering the subject with a large base of foundational skills and knowledge from prior and concurrent learning (e.g. Years 9-10 HPE and other sporting/fitness involvement for each student).
- There is a large amount of overlap (clustering) of units across the 7 terms.
- There being an element of self-study that students may undertake to deepen their own understanding of the content.

ORGANISATION

The program will be delivered using class-based learning as well as real sport and recreation environments at the school which involves delivering a range of sport and recreation programs to participants in the school community.

A range of teaching and learning strategies will be used to deliver the competencies including:

- Practical tasks
- Client interactions
- Group work
- Programs within the school (a minimum of one different program per school term)
- Practical experience within school sporting programs (e.g. athletics and swimming carnivals, cross-country, inter-school sport).

Evidence contributing towards each competency will be collected throughout the program. This evidence will be used to make judgements of competency that are aligned with, and reflect, the requirements of each unit of competency.

LANGUAGE, LITERACY AND NUMERACY ASSISTANCE

Support is available to all students and can be organised with the program deliverer on a case-by-case basis throughout the program.

	<p>'Reasonable adjustments' are indicated in the assessment manuals and are allocated based on unit of competency requirements.</p> <p><u>OPPORTUNITY FOR RPL AND CREDIT TRANSFER</u></p> <p>Recognition of Prior Learning (RPL) is an assessment process that evaluates an individual's informal learning to determine the extent to which that individual has achieved the required competency outcomes.</p> <p>Credit Transfer is applying credit for a unit of competency that has previously been completed (successfully) by a student. Credit Transfer is offered both at enrolment and throughout the training program. A verified copy of the student's Qualification and/or Statement of Attainment listing the units of competency that have previously been completed is required as evidence for Credit Transfer.</p> <p>Both RPL and Credit Transfer are available to students. Due to students being of high school age, usually with limited prior qualifications or work history, students typically undergo a train-to-assess pathway.</p>
