Binnacle-School Third-Party Arrangement

This Binnacle Training Program is delivered via a third-party arrangement with individual partner schools.

Binnacle Training (Lead RTO) - Responsibilities:

- ☑ Provision of all requisite training and assessment resources, plus online learning via Learning Management System (Binnacle Lounge).
- ☑ Ongoing program support, including dedicated Program Manager and Administration Officer.
- ☑ Outcomes of training and assessment.

School (Third-Party) Responsibilities:

- ☐ Human Resources (Program Deliverer and at least one nominated back-up deliverer)
- ☑ Physical Resources (equipment and facilities)
- ☑ Facilitation of training and assessment services, on behalf of Binnacle Training as the RTO.

School and cohort-specific information, required by Binnacle Training (as per the Standards for RTOs 2015 - Clauses 1.1 to 1.4 and 2.2 — Implementing, monitoring and evaluating training and assessment strategies and practices), is collected via the Binnacle Training Third-Party Agreement (Fillable) as completed by the Third-Party (School) and approved by Binnacle Training.

Target Group

This program is offered to senior high school students (commencing in Year 10 or Year 11) wanting to:

- seek skills and an entry-level qualification for the Business Services and interrelated industries; and
- use the qualifications as an articulation into:
 - a higher certification (e.g. Certificate IV in/ Diploma of Business); or
 - University (e.g. Bachelor of Business).

QLD SCHOOLS

Upon successful completion of BSB30120 Certificate III in Business, students are certified with a maximum 8 Queensland Certificate of Education (QCE) credits.

Entry Requirements

There are no formal training package entry requirements for this qualification, however a Language, Literacy & Numeracy (LLN) Screening process is undertaken at the time of initial enrolment to ensure students have the capacity to effectively engage with the content.

Students require <u>AQF level 3</u> written and spoken English and numeracy skills to be able to meet the Foundation Skill requirements within the units of the Certificate III qualification.

This program is delivered as a 'Fee for Service' offering only as per the Binnacle-School invoicing arrangement.

Students must have access to all physical resources (either individually or through resources supplied by the school) as outlined in the section 'Physical Resource Requirements' below.

Learning and Assessment Arrangements

DURATION

The program content has been packaged into <u>7 terms</u> [based on delivery across **one line on the timetable (minimum 3 lessons per week, i.e. 210 minutes per week) over 2 years**].

A blended-delivery model will be used whereby students will have access to:

- Trainer-led classroom delivery of content.
- Online modules that house learning content (within the Binnacle Lounge).
- Assessment activities to be completed online (within the Binnacle Lounge).
- Assessment activities and projects to be completed in the classroom and/or student-led environment.
- Participation in an Industry Discovery at a Business-related workplace (recommended, however, not compulsory)

This program uses single unit and clustered unit assessment.

Assessment and training will be conducted at the school. Assessment methodologies will vary according to specific requirements of the Units of Competency. A range of methods will be used, including:

- Knowledge quizzes, short answer questions and other project/case study reports.
- Skills demonstrations, reports, documents, observations.
- Simulated assessment environment (Business & Tourism-related industry) located at the school for demonstration of skills (practical observations).

Under supervision, students will undertake projects, and plan and deliver a range of services and events to members of the school community (students, teachers, and staff). Some of these projects may involve an 'outside subject timetable' commitment on behalf of the students and the deliverer (supervision).

'VOLUME OF LEARNING' AND 'AMOUNT OF TRAINING'

Volume of Learning (VoL)* per the Australian Qualifications Framework volume of learning indicators:

Certificate II = 0.5 - 1 year (600 - 1200 hours) Certificate III = 1 - 2 years (1200 - 2400 hours)

* VoL describes how long a learner who does not hold any of the competencies identified in the relevant units of competency or modules would take to develop all of the required skills and knowledge. Further, the VoL includes all teaching, learning and assessment activities that are required to be undertaken by the typical student to achieve the learning outcomes. These activities may include some or all of the following: guided learning (such as classes, lectures, tutorials, online study or self-paced study guides), individual study, research, learning activities in the workplace and assessment activities. (AQF, Volume of Learning).

Amount of Training (AoT) for this program consists of classroom learning, self-study and practical work-related experience.

Classroom learning = 266 hours (1 study line over 2 years - 3.5 hours x 76 weeks).

There is also an element of self-study (formative activities scheduled for students to undertake outside of class time). These activities are used by students to enhance their understanding of the content and are undertaken prior to assessment for that particular module or topic of study. Across this 2-year program, Binnacle has devoted an additional 70 minutes per week (the equivalent of one additional lesson per week) for these formative activities.

Self-Study (Formative Activities) Hours = 89 hours (i.e. 1.17 hours x 76 weeks)

An additional 6 hours (minimum) of 'Industry Discovery' practical experience is undertaken by students across the program. Note while strongly recommended, this 'Industry Discovery' is not mandatory.

Practical Experience (Industry Discovery) = $\underline{6}$ hours

TOTAL AMOUNT OF TRAINING (AoT) = 361 hours (266 + 89 + 6)

Binnacle rationalises the VoL hours gap (i.e. VoL 1800 hours LESS AoT 361 hours = 1439 hours) by:

- Students entering the subject with a large base of foundational skills and knowledge from prior and concurrent learning (e.g. Years 8-10 Business and other volunteer/work-related history of each student).
- There is a large amount of overlap (clustering) of units across the terms.
- There is an element of self-study that students may undertake to deepen their own understanding of the content.

Learning and Assessment Arrangements

ORGANISATION

The program will be delivered through class-based tasks as well as both simulated and real business environments at the school - involving the delivery of a range of services and events to customers within the school community (students, teachers and staff).

A range of teaching and learning strategies will be used to deliver the competencies. These include:

- Practical tasks
- Range of hands-on activities including customer interactions
- Group work
- Projects within the school (minimum of one different project per school term)
- Practical experience within the school and outside of the school

Evidence contributing towards each competency will be collected throughout the program. This evidence will be used to make judgements of competency that are aligned with, and reflect, the requirements of each unit of competency.

Learning and Assessment Arrangements

LANGUAGE, LITERACY AND NUMERACY ASSISTANCE

Support is available to all students and can be organised - through the deliverer - on a case-by-case and as needed basis throughout the program.

'Reasonable adjustment' is offered for most assessment items. This is indicated in the assessment table at the top of each assessment and are allocated based on the unit of competency requirements.

Learning and Assessment Arrangements

OPPORTUNITY FOR RPL AND CREDIT TRANSFER

Recognition of Prior Learning (RPL) is an assessment process that evaluates an individual's informal learning to determine the extent to which that individual has achieved the required competency outcomes.

Credit Transfer is applying credit for a unit of competency that has previously been completed (successfully) by a student. Credit Transfer is offered both at enrolment and throughout the training program. A verified copy of the student's Qualification and/or Statement of Attainment listing the units of competency that have previously been completed is required as evidence for Credit Transfer.

Both RPL and Credit Transfer are available to students. Due to students being of high school age, usually with limited prior qualifications or work history, students typically undergo a train-to-assess pathway. An RPL assessment pathway will require verifiable evidence of a student's prior learning (e.g. Statement of Attainment for previously completed superseded units).

Consultation with Industry

Key industry partners consulted in the development and ongoing refinement of this strategy are listed below. Binnacle meets with each of the listed industry partners for regular advice, ongoing program support and guidance. These industry engagement activities focus on Training and Assessment Strategy, resources, and current industry skills of trainers and assessors.

Industry Partners

- SBB Partners Ipswich, Brisbane & Mackay Accountants
- We Are Flip Digital Agency
- Brendan Forwood SBB People
- Lisa Pisasale Zimmi Marketing Group
- Andrew Rickertt Job Skills Queensland
- Ryan Hanly Travello App
- Vinnie D'Alessandro Raishio & Gifting Owl

Consultation/engagement approaches include:

- Regular meetings (e.g. weekly consultation meetings)
- Teleconferences
- Program development/validation meetings
- Program development projects

Assessment Validation Process

The processes used to validate assessment in this course are:

- 1. Validation by Industry:
 - An internal review conducted annually with an industry representative to check that the standards expected of students are consistent with current industry practice.

- The internal review will examine the learning and assessment strategy and identify areas for improvement.
- The internal review will also evaluate all assessment instruments to ensure that they are
 appropriate for the units of competency and reflect the unit requirements (i.e. elements,
 performance criteria, performance evidence, knowledge evidence and assessment conditions).
- Validation for each unit of competency includes:
 - Pre-assessment validation (to confirm assessment process and instruments meet the requirements of the Principles of Assessment); completed every 24 months (minimum); and
 - Post-assessment validation (to confirm assessment evidence provided by the students and the judgement of that evidence meets the requirements of the Rules of Evidence).
 Completed every 3 years (minimum).

2. Assessment Instrument Review:

A Binnacle Program Development Specialist and an industry expert will review all assessment
instruments to ensure that they are appropriate for the units of competency and reflect the unit
requirements (i.e. elements, performance criteria, performance evidence, knowledge evidence
and assessment conditions) with improvements noted and acted upon.
 Completed annually.

Pathways

This Program will be used predominantly by students seeking to enter the Business Services or interrelated industries (e.g. Tourism) and/or as an alternative entry into University.

QLD SCHOOLS: Graduates may be able to use their Certificate III in Business to improve their chances of gaining tertiary entrance. Students eligible for an Australian Tertiary Admission Rank (ATAR) may be able to use their completed Certificate III to contribute towards their ATAR. For further information please visit https://www.qcaa.qld.edu.au/parents-carers/senior-secondary

Students may also choose to continue their study by completing the Certificate IV in/Diploma of Business through another Registered Training Organisation.

Foundation Skills

Foundation Skills are the combination of communication skills and generic, non-technical skills and capabilities considered essential to meet the complexities of life in a modern society. 'Communication' skills included in Foundation Skills are English language, literacy and numeracy (LLN).

All units of competency within new streamlined Training Packages have Foundation Skills either embedded in the unit performance requirements or listed explicitly.

Each unit of competency selected to comprise this program has Foundation Skills that are relevant to the context of the learning outcomes and are applicable to work and life situations.

Student Feedback

Student feedback is collected and analysed. Feedback from students in relation to assessment processes, methods and instruments will be collated, analysed and improvements made in the light of student suggestions. Formal surveys/questionnaires as well as informal processes at the end of each unit of work will be used to gather data. Throughout the course, data is collected in relation to Quality Indicators. Binnacle Training also has a published Complaints and Appeals Policy which provides students and others with avenues to make a complaint or to appeal a decision (including assessment decisions) directly with Binnacle Administration.

Date for data analysis: December (annually)

AVETMISS Reporting

Students are enrolled in the relevant units of competency and the results are forwarded at the end of each term (as a minimum) to the Queensland Department of Employment, Small Business and Training (DESBT) indicating if competency has been attained or is continuing. Binnacle Program Management and Administration staff verify that accurate and up-to-date information is recorded.

QLD SCHOOLS: Permission is provided to DESBT for student results to be forwarded to the Queensland Curriculum & Assessment Authority (QCAA).

Student Records

Student results show the unit code, title and date achieved. The final assessment outcome for each unit of competency will be retained for a period of 30 years. Once all units are recorded as competent, a qualification or a statement of attainment will be issued.

All completed assessment items - demonstrating sufficient evidence of how assessment decisions were made - for individual students will be retained for whichever is the longer period:

- until the appeal period ends; or
- for a period of six months from the date on which the judgement of competence for the student was made; or
- the duration of the student's enrolment.

A master copy of all versions of the assessment tools will be retained for seven years.
