## 2. Program Outline

---

The program involves developing the skills and knowledge to coach participants up to an intermediate level in a specific sport, and will take place in a range of settings, including the classroom, outdoors and the sport and fitness facilities at the school.

Students work alongside a qualified Trainer (teacher) and other fitness/sport coaches to deliver community-based sport coaching programs to clients (students, teachers, staff) within the school community.

Assessment activities include practical and knowledge tasks throughout the program. Knowledge tasks generally take the form of short answer quizzes and research tasks that are completed online. Many of the practical tasks will also involve completing an industry document (e.g. Session Plan).

## 3. Completing Assessments

---

All assessment resources are online (practical components are completed in a Sport, Fitness and Recreation (SFR) environment e.g. the school oval) and each term has a specific number of assessment tasks.

Assessment completion will be regularly reviewed by the trainer and assessor and if incomplete or not yet satisfactory, it may be necessary to finalise the assessment outside of class time (e.g. during exam block) before the next school term commences.

Completed assessment and associated documentation will be stored online in the Binnacle Lounge for the trainer and assessor to mark ('Satisfactory' or 'Not Yet Satisfactory').

Students will need to provide/have access to a computer, laptop or tablet device with an internet connection.

<b>1. Students complete the assessment each term:</b>	<ul style="list-style-type: none"><li>• Knowledge assessments completed online in your Binnacle Lounge.</li><li>• Demonstrate required skills in practical tasks.</li><li>• Access to training resources to assist with assessment are provided in the respective assessment tab.</li></ul>
<b>2. Assessor marks your assessment:</b>	<ul style="list-style-type: none"><li>• Some knowledge assessment items are 'auto-marked' by the Binnacle Lounge learning platform.</li><li>• The assessor will mark your other assessment items (e.g. project, practical and case study).</li><li>• The sign-off page in each term is where feedback is provided and the outcome of each assessment item recorded.</li></ul>

## 4.1. Student Misconduct with Online Assessment and Disciplinary Procedures

Some assessment question types allow for students to submit evidence that may be the same or similar to that of another person or source (e.g. a group session plan for a project upload or a response to a knowledge question copied from a website or a presentation). Outside of these occasions, Binnacle Training must ensure the evidence contributing to a unit of competency is authentic (i.e. able to be proved as their own work).

Cheating or copying/plagiarising material from another person or resource is strictly prohibited. The below statement is included in the sign-off for each Term:

I, the Candidate:

- Confirm the authenticity of the work submitted as my own, unless otherwise authorised by the assessment conditions.

In addition to an assessor checking for copying and/or plagiarised material, Binnacle Training as the Registered Training Organisation undertakes regular reviews of student assessment evidence.

As outlined in our Participant Handbook (Section 8 - Student Misconduct & Disciplinary Procedures), **Binnacle Training will not tolerate misconduct under any circumstance and a student may be asked to leave the program with no refund for misconduct such as cheating or plagiarising material.**
