1. Program Inclusions

This program is offered as a senior school subject and incorporates the nationally recognised qualification: **SIS30321 Certificate III in Fitness (with entry qualification: SIS20321 Certificate II in Sport Coaching – see below)**. This course has been scheduled across two years (packaged into 7 Terms) and will generally commence at the start of the school year.

The course covers the skills and knowledge required for entering the Fitness industry as a Group and Gym Fitness Instructor and includes:

- The industry-recognised First Aid Certificate – HLTAID011 Provide First Aid
- Developing sport, fitness and recreation industry knowledge
- Following health and safety standards in the workplace
- Responding to emergency situations
- Developing and updating knowledge of coaching practices
- Conducting sport coaching sessions with foundation level participants
- Delivering community fitness and coaching programs
- Providing quality customer service
- Conducting risk assessments for sport and fitness activities
- Conducting client health screenings and fitness assessments
- Providing healthy eating information to clients
- Instructing and monitoring fitness programs
- Planning and delivering gym programs
- Working with specific population clients, including older clients
- Developing skills and knowledge in exercise science, including anatomy and physiology

1.1. Entry Qualification – SIS20321 Certificate II in Sport Coaching

Students will undertake the entry qualification: **SIS20321 Certificate II in Sport Coaching** across Terms 1-4. Four units of competency in the Certificate II in Sport Coaching (SIS20321) overlap with the Certificate III in Fitness (SIS30321). The remaining three units in SIS20321 are strongly aligned with respective units in SIS30321.

Qualification	Terms of Training/Assessment	
	Terms 1-4	Terms 5-7
SIS30321 Certificate III in Fitness	Total 15 units: <ul style="list-style-type: none">• <u>Terms 1-4</u>: 7 units scheduled for completion• <u>Terms 5-7</u>: 8 units scheduled for completion	
SIS20321 Certificate II in Sport Coaching	Total 7 units: <ul style="list-style-type: none">• 4 overlapping with SIS30321	

- 3 remaining units which cluster and/or align with similar units in SIS30321.

2. Program Outline

The program involves developing the entry level skills and knowledge required of an exercise professional. This learning involves practical experience as a ‘Gym Instructor’ and ‘Activity Assistant’ and will take place in a range of settings, including the classroom, outdoors and the fitness facilities at the school.

Students work alongside a qualified Fitness Trainer (teacher) and other fitness/sport coaches to deliver community-based fitness and coaching programs to clients (students, teachers, staff and family members) within the school community.

Assessment activities include practical and knowledge tasks throughout the program. Knowledge tasks generally take the form of short answer quizzes and research tasks that are completed online. Many of the practical tasks will also involve completing an industry document (e.g. Session Plan).

2.1 Mode of Delivery

This program uses a blended mode of delivery which includes face-to-face plus online training and assessment such as classroom lessons, digital learning modules, virtual lessons, online and practical assessment.

3. LLND and Course Suitability Advice

During pre-enrolment, students will complete an LLND Screening (via LLN Robot) to establish their language, literacy, numeracy and digital literacy skill levels and will be provided with advice about whether the course is suitable for them.

Based on the outcome of this review, the school (on behalf of Binnacle Training) will provide the student with advice regarding the suitability of the training product to each prospective student prior to enrolment being finalised. This process ensures students are fully informed about the program requirements before committing to the course or incurring any associated fees.

The following examples provide a snapshot of the reading, writing, numeracy, verbal communication, and digital literacy skills that would be expected in order to satisfy competency requirements:

Reading

- Read and understand workplace health and safety policies and procedures.
- Interpret safety signs, dangerous goods classifications and safety instructions.
- Interpret written requests and complaints from clients.
- Interpret complaint handling procedures and standards of service.
- Read and comprehend the workplace policies and procedures manual.
- Interpret pre-exercise health screening results and client documentation.
- Research and comprehend often complex anatomical and physiological information (e.g. anatomical charts).

	<ul style="list-style-type: none"> • Interpret fitness industry guidelines and manufacturer instructions for fitness equipment. • Interpret pre-exercise health screening questionnaires and baseline fitness assessment results. • Extract applicable information from healthy eating resources.
Writing	<ul style="list-style-type: none"> • Complete incident reports and client feedback records. • Summarise and record client/participant information in portfolios and files. • Complete risk management documents using industry-related terminology. • Prepare client referral letters to general practitioners, personal trainers or advanced personal trainers.
Verbal Communication	<ul style="list-style-type: none"> • Discuss your own progress with a supervisor. • Discuss risk management issues with relevant stakeholders. • Use open and closed questions to discuss client/participant training preferences. • Discuss client needs, expectations, and fitness goals and clarify pre-exercise screening information. • Discuss client preferences and explain suitable exercises and programs. • Explain reasoning for a client referral and selected health professional. • Discuss the influences of social and cultural factors on client food choices.
Numeracy	<ul style="list-style-type: none"> • Use a numerical risk assessment matrix to determine risk level. • Interpret numerical information to allocate timeframes to work tasks. • Calculate heart rate and interpret exercise intensity guidelines. • Conduct body composition measurements and calculations (e.g. body mass index). • Use calculations in fitness testing/assessment (e.g. estimating maximal oxygen consumption from submaximal testing). • Review calculations from pre-exercise screening and fitness testing.
Digital Literacy	<ul style="list-style-type: none"> • Upload digital evidence, such as completed Session Plans or video recordings of practical tasks. • Use word processing software to summarise and record client/participant information in digital portfolios and files. • Complete digital industry documents, such as pre-exercise health screening questionnaires or risk assessments.

4. Fees

Binnacle Training invoices the school directly for the cost of the program. This means that students do not pay any fees directly to Binnacle.

Students should check with their school about payment - it may be set up like other subjects, and there may be additional fees for:

1. Learning resources or textbooks
2. Excursions or site visits
3. Equipment or materials specific to your program

A detailed breakdown of course fees can be found on the [Binnacle Training website](#).

Refund Requests: As per the [Student Handbook](#), Binnacle Training aims to minimise the need for refunds by invoicing the school directly for programs after the enrolment cut-off date (30 June in the year of commencement). This means that you don't pay any fees directly to Binnacle Training.

However, if you are dissatisfied with your Binnacle Training program, you can apply for a refund through your school, and they will contact us to process it. You can also request a refund directly from Binnacle Training by completing a [Refund Request](#) form. We will then contact your school to confirm the request.

5. Fitness Industry Expectations – Employees 18+ Years

While the Certificate III in Fitness is suitable for delivery to secondary school students, it is important to know that employers in the fitness industry generally expect their employees to be at least 18 years of age to hold a position that assumes duty of care for participants.

Group Exercise and Gym Instructors use discretion, judgement and work with some independence under limited supervision when instructing groups. As a result, Group Exercise and Gym Instructors require considerable leadership skills to manage group exercise participation, cohesion, operational logistics, risk, and problems as they arise.

As a 2-year program (packaged as a 7-term format), Binnacle Training ensures that learners will be approaching - or will have turned - 18 years of age by the expected course completion date.

6. Completing Assessments

All assessment resources are online (practical components are completed in a Sport, Fitness and Recreation (SFR) environment e.g. the school gym) and each term has a specific number of assessment tasks.

Assessment completion will be regularly reviewed by the trainer and assessor and if incomplete or not yet satisfactory, it may be necessary to finalise the assessment outside of class time (e.g. during exam block) before the next school term commences.

Completed assessment and associated documentation will be stored online in the Binnacle Lounge for the trainer and assessor to mark ('Satisfactory' or 'Not Yet Satisfactory').

Students will need to provide/have access to a computer, laptop or tablet device with an internet connection.

1. Students complete the assessment each term:	<ul style="list-style-type: none">• Knowledge assessments completed online in your Binnacle Lounge.• Demonstrate required skills in practical tasks.• Access to training resources to assist with assessment are provided in the respective assessment tab.
2. Assessor marks your assessment:	<ul style="list-style-type: none">• Some knowledge assessment items are 'auto-marked' by the Binnacle Lounge learning platform.• The assessor will mark your other assessment items (e.g. project, practical and case study).• The sign-off page in each term is where feedback is provided and the outcome of each assessment item recorded.

9. Binnacle Training Third-Party Arrangements

As the RTO, Binnacle Training engages individual secondary schools under a third-party arrangement to provide physical and human resources to deliver training and conduct assessment.

Binnacle Training Responsibilities: Enrolling students into the VET course, training and assessment outcomes, issuing certificates and testamurs, and ensuring that the VET course is on its scope of registration at all times.

School Responsibilities (as the third party): The provision of adequate physical (equipment and facilities) and human resources (program deliverer i.e. qualified trainer and assessor), and facilitating training and assessment services on behalf of Binnacle Training including the provision of student support services such as language, literacy, numeracy and digital literacy (LLND) assistance, and course suitability advice.

10. Student Enrolment

Student enrolment into the program requires the school to have a current third-party agreement in place (enrolment is unable to be finalised until this requirement has been met).

11. Definitions and Interpretations

Program. The course(s) or qualifications(s) in its entirety.

Registered Training Organisation (RTO). A training organisation that has authorisation to train and assess nationally recognised qualifications on its scope of registration.

School (third party). The secondary school/college that is providing the physical and human resources to deliver training and conduct assessment on behalf of, and in the name of, Binnacle Training as the external RTO.

Training Product. Any qualification, unit of competency, or group of competencies packaged together as a Binnacle Program.
